SUMMARY

Junior Data Engineer within a major banking fleet management division, experienced in building and maintaining data pipelines for fleet telematics, vehicle asset tracking, and operational metrics. Proficient in transforming raw data into actionable insights that optimize fleet performance, reduce operational costs, and support risk management. Strong background in database management, ETL processes, and cross-departmental collaboration.

WORK EXPERIENCE

Junior Data Analyst

Feb 2026 - Present

Netbank EQSRA Division – Johannesburg, South Africa

- Developed and maintained SQL and ETL pipelines to ingest vehicle telematics and asset tracking data, reducing daily data processing delays.
- Automated financial and fleet operational reporting workflows, providing real-time visibility into vehicle maintenance costs and fuel consumption across the banking division.
- Collaborated with data analysts and risk teams to ensure data integrity, clean raw telematics logs, and build structured database tables for compliance auditing.

Internship System Developer and Data Analyst

Feb 2025 - Dec 2025

Dry Dock, Mindworx Consulting & Academy – Johannesburg, South Africa

- Provided administrative support to a team of 20+ employees, including calendar management, expense reporting, and meeting coordination.
- Acted as a liaison between departments, fostering effective communication and collaboration.
- Assisted in onboarding new employees, facilitating orientation sessions and ensuring compliance with company policies.

Internship Software Developer

Jan 2024 - Dec 2024

UNITAP – Johannesburg, South Africa

- Assisted in developing and testing backend modules using Python and RESTful APIs, improving core application performance and data retrieval times.
- Collaborated with senior developers to write clean, maintainable code, participating in code reviews, bug fixing, and version control management via Git.
- Designed and executed SQL database queries to support software feature integration and perform daily data validation for internal applications.

EDUCATION

NQ Level 5 Certificate - System Development

Mindworx Academy

Graduated 2025

Bachelors - Computer Science

University of Venda

Graduated 2023

Matric (Grade 12)

Sasamala Secondary School
